

FLOORING SURFACES, POLYURETHANE GAMECOURT™

GameCourt™ is a multi-purpose, indoor seamless polyurethane sports flooring system. GameCourt® has been successfully installed and is recommended for the following applications: gymnasiums, field houses, and running tracks. GameCourt® is also an excellent choice for multi-purpose, gymnastic and aerobic areas.

The GameCourt™ system is environmentally friendly, constructed of a recycled rubber Base Mat and 100% mercury and heavy-metal-free polyurethanes. The construction of GameCourt® provides excellent shock absorption, consistent playing characteristics, excellent ball rebound, durability, and a high resistance to rolling loads.

The GameCourt™ system is available in 3 textures: smooth, lightly textured, and highly textured. The highly textured system is spike resistant.

GameCourt Top Coat is available in nine standard colors. Line Paint is available in six standard colors.
